Prohibition Against Employment of Board Members

Nebraska statutes recognize the inherent conflict of interest that is created when a member of the board of education serves as a certificated employee of the district. Consequently, section 79-544 of the statutes prohibits a board member from being employed as a teacher in a school district where they also serve on the board.

A conflict of interest is also created when a board member serves simultaneously as both a board member and an employee in any capacity, whether certified or non-certified. Therefore, a board member shall not be employed by the school district when serving on the board. If an employee is elected or appointed to the board, their employment shall be terminated upon being seated on the board. Because of the conflict that is created by a board member applying for employment while sitting on the board, a board member who wishes to apply for employment shall be required to resign from the board before applying.

This policy does not prohibit the board from contracting with members of the board for services or products when the relationship is not one of employer/employee and such contracts are in compliance with the requirements of statute and board policy regarding conflicts of interest.
