

## **5021**

### **Student Photograph and Video Policy**

The school district prohibits students from taking photographs or making video recordings on school grounds, in a school vehicle, or at a school event that is not in accordance with District policy or permitted by law. Students may take photographs and make video recordings on behalf of the district or any of its programs only after receiving permission from their building principal. Photographs and videos made solely for the student's personal use are permitted so long as they do not violate this policy or other school policies and rules. An exception will be made to this policy if photographs or video recordings are necessary to accommodate a student's disability or are required by the student's Individualized Education Plan (IEP) or Section 504 Plan. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.
